➤ Skills

Expertise Area

- Front-end Web Development | Markdown | PowerPoint Presentation | HTML | CSS | React

Programming Languages and Technologies

- Java | C | C++ | JavaScript | Python | Git and Github | Canva

Technical Courses and Electives

- Data Structure and Algorithms | Computer Architecture and Organisation | Operating System | Object Oriented Programming

➤ Experience

Teacher at an NGO – Suvidha Foundation

- I taught there HTML and CSS to (6 – 12th class students) for 2 months as an intern and got a very positive response from students.

Contributor and Campus Ambassador on GWOC (GirlScript Winter of Contributing)

- I contributed to Frontend Web Development with HTML, CSS, and JavaScript in documentation format.

➤ Projects

Acadmica (A website using HTML, CSS, JavaScript, and Bootstrap)

- Me and my friend created this website (in the process) which collects all the materials regarding college, development, coding, internships, and placement preparation.
- This idea crossed our mind when we had to face unnecessary problems in collecting notes during examinations and classes in online mode.
- Link to the website - <https://kamyakumari140.github.io/AcadmicaLink/>

➤ Things that Better define me

- A Quick Learner
- Dedicated and focused on my work
- Multilingual (Hindi and English)
- Ability to work under pressure
- Time Management Skills
- Leadership Quality
